

Chippewa SWCD- FY2013

BWSR Grants

State Cost-share: \$14,577
\$6000 expended as of Mar. 1, 2014. Remaining grant will be encumbered and expended by June 30, 2014.

Funds Returned to State

Grant Period (incl. extensions)

From: July 1, 2012

To: June 30, 2014

State Cost-Share Expenditures by Category

Technical Assistance Funds

Tech & Admin Funds	
Total TA Funds	

Implementation Funds

Field Windbreaks	
Farmstead Windbreaks	
Grassed Waterways	
Sediment Control Structures	As of March 1, 2014 \$6,000 of cost share has been expended & land owner had in kind of \$5919.66
Total State Cost-Share Implementation Expenditures	\$6,000

Project Title: FY 2013 State Cost-Share Program

Overall Project Description (abstract)

The State Cost-Share Program was established in 1977 and is administered locally by the Chippewa Soil and Water Conservation District (SWCD). The State Cost-Share Program provides financial assistance to landowners for installing conservation practices that protect and improve water quality by controlling soil erosion and reducing sedimentation. The program provides up to 75% of the total eligible cost of a practice. Often the SWCD combines the State Cost-Share dollars with the Federal Cost-Share dollars to come up with the 75%. The SWCD provided technical assistance to landowners to install conservation practices by:

- Conducting a site investigation with the landowner
- Working with the landowner to determine the best management practice (BMP) for the given situation
- Surveying and designing the project
- Producing a rough cost estimate
- Providing the landowner with a designed plan for submission of bids
- Performing a pre-construction conference with the contractor and landowner
- Supervising construction
- Certifying completion of the project
